

Public Notice
Proposed Revision of the State Construction Permit to
Kinder Morgan Liquid Terminals, LLC – Argo Terminal

Kinder Morgan Liquid Terminals, LLC has applied to the Illinois Environmental Protection Agency (Illinois EPA) to revise the construction permit for its fuel distribution project to include the storage and loading of aviation fuel, increased throughput for storage tank C-10 and installation of a transmix loading station at its Argo terminal located at 8500 West 68th Street in Argo. The modification will increase air emissions from the facility. The increase in air emissions along with contemporaneous changes at the facility will be below the threshold for a major source or major modification as defined by the federal Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21 and the state rules 35 IAC 203: Major Stationary Source Construction and Modification. The Illinois EPA is accepting comments prior to making a final decision on this project.

Persons wanting more information may obtain copies of the draft permit, and project summary at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, State Construction Permits, New). These documents and the application can also be obtained from the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The Illinois EPA is accepting comments prior to making a final decision on this project. Comments must be postmarked by midnight February 16, 2003. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
